EDUCATION

Lahore Garrison University, Lahore
Bachelor in Software Engineering
2021 - 2025

KIPS College, Lahore
Intermediate, ICS
2019 - 2021

KEY SKILLS

Technical Skills

- Programming Languages: Java, JavaScript, C++
- Mobile Development: Android, React Native, Expo, XML
- Desktop Development: JavaFX, Java Swing
- Backend & APIs: REST APIs, API Integration
- Databases: MySQL, PostgreSQL, SQL
- Web Technologies: HTML, CSS, JavaScript
- Tools: Git, GitHub, IntelliJ IDEA, Android Studio, Eclipse, Visual Studio
- Software Development: OOP, Debugging, Testing, Agile, Scrum, SDLC, Clean Code
- Design: Figma, Canva

Soft Skills

- Problem Solving
- Analytical Thinking
- Teamwork
- Adaptability
- Time Management
- Attention to Detail

CERTIFICATIONS

- **Forage** - SE Internship
- **Coursera** - Java Programming
- **NS Training** - Graphic Designing
- **AKTI** - Amazon
- **DHA** - IT Internship

LANGUAGE

- English (Fluent)
- Urdu (Native)
- Punjabi (Native)

EMAN ABDUL MALIK

Software Engineer | Java | Android | React Native | MySQL

SUMMARY

Software Engineer with hands-on experience developing mobile and desktop applications using Java, React Native, Android, JavaFX, JavaScript, and MySQL. Experienced in cross-platform mobile development, REST API integration, database-driven applications, application testing, debugging, and feature development. Familiar with Agile and Scrum methodologies, Git/GitHub, and software development lifecycle practices.

WORK EXPERIENCE

IT Intern - Defence Housing Authority (DHA)

Oct 2025 - Jan 2026

- Developed a Store Inventory Management System using JavaFX, Java, and MySQL for inventory tracking and management.
- Implemented application features for stock tracking, inventory records, and reporting.
- Conducted software testing and debugging and resolved application defects.
- Supported mobile application development by implementing and testing new features.
- Performed Windows OS installation and enterprise software setup.

Mobile App Developer - FH Group of companies

July 2025 - Sep 2025

- Developed and maintained cross-platform mobile applications using Java, XML, and React Native.
- Integrated REST APIs and implemented application features based on business requirements.
- Performed application testing, debugging, and defect resolution to improve application reliability.
- Participated in Agile development, including coding, testing, design discussions, and peer code reviews.

Mobile App Developer Intern - Mandarin Software Solution

Nov 2024 - Feb 2025

- Developed an Android QR code verification application using Java and XML.
- Integrated QR scanning capabilities and basic logic for fraud detection.
- Designed an intuitive user interface for rapid scanning and clear user feedback.

Software Developer - The Mandarin Inn, Gilgit

Jun 2024 - Oct 2024

- Developed a desktop inventory management system to optimize hotel stock operations.
- Implemented inventory tracking, reporting features, and automated restocking alerts.
- Collaborated with hotel management to align software functionality with operational requirements.

Freelancing - Remote

May 2022 - Present

- Delivered custom Java desktop and Android applications with MySQL database integration.
- Designed responsive website layouts and visual assets using Figma and Canva.
- Authored academic writing projects following APA, MLA, and Chicago style guidelines.
